To Whom It May Concern,

I am pleased to recommend the services of ALB Groupe to your company. Over the past year, we have been working with Marco Ouellet and his team on duty recovery for our firm.

ALB has proven professional and efficient as well as successful in obtaining duty refunds for Lee Valley Tools. I appreciated the initiative they took in proactively obtaining advanced rulings from CBSA in order to protect our future importations.

I would not hesitate to recommend ALB Groupe and will work with them again if the opportunity arises.

Yours truly,

Suzanne McLeod
